OWEN-LARSON HOPE HOME

For many years, Kay's ministry vision included a new system of long-term care. A facility designed from the ground up with the spiritual and emotional needs of its residents in mind. Eventually, that will mean a new facility built from the ground up, a vision Kay shared at the Flying W last May. However, the first step will be a "proof-of-concept" assisted living facility to demonstrate the benefits of resident-centered care. We are in the process of purchasing an existing, fully equipped but unused Assisted Living facility here in Colorado Springs. This is a turn-key opportunity for us. Demonstrating a new model of care in a residential setting.

*Assisted living that honors the life and legacy of each resident

*Home atmosphere and individualized care

*Spiritual and emotional resilience for residents and staff

*Open Summer/Fall 2025

Stay tuned for more information on our upcoming open house events in March and May.
